ARROWBEAR MUSIC CAMP

30TH YEAR

AUGUST 5 to AUGUST 15, 1971

THIRTY YEARS AT ARROWBEAR MUSIC CAMP

Thirty years from now seems a long time away, yet thirty years ago seems like yesterday. Our first season had fifty six campers and all facilities were different. Former campers who drop in today are amazed at the changes that have taken place.

Basically many features of camp have not changed. We have always had wonderful young people who made beautiful music in the great outdoors. Camp has always been a closely knit family where experiences are shared by all. This has made Arrowbear unique in camping.

The enthusiasm campers have for Arrowbear is something we acknowledge gratefully and with humility. You have been most effective in telling others of our program. We trust you will continue to do this.

We hope you will leave camp greatly inspired for higher artistic achievements in music. May your love and enthusiasm for our great art carry you to outstanding accomplishments. Also, may your time spent at Arrowbear send you home with new friends and happy memories of joyous experiences together.

Our very best wishes,

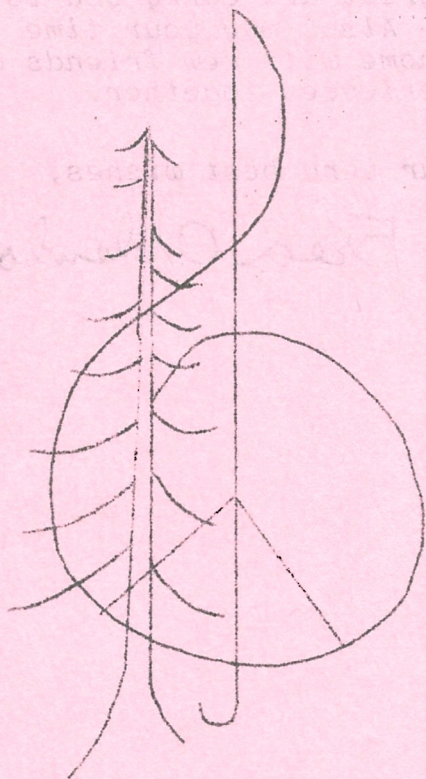

Fred Ohlenborg

Among the instrumentalities
of love and peace,

Surely there can be no
sweeter
softer
more effective voice

Than that of gentle peace-
breathing music.

THE STAFF

The wonderful group of dedicated and talented ladies and gentlemen that devote countless hours of their time to instill in all who attend Arrowbear the deep love of music are also the "Producers" of our program here at camp. It is because of their unselfishness and outstanding teaching abilities that we have the tremendous opportunity of attending Arrowbear each summer.

MR. FRED OHLENDORF: How does one begin to describe the indescribable? The task of writing something adequate enough for the person who leads us all is certainly a difficult one. Mr. O, as he is affectionately called, who leads us all as camp director, began bringing young musicians to Arrowbear 30 years ago. It was his belief that a camp of some sort was needed to train and encourage young people in the great art of music. We are certainly glad that Mr. Ohlendorf decided to begin Arrowbear, and we are even more grateful for all the many struggles he has gone through to sustain it. Mr. O has retired from the Long Beach Unified School District where he worked for 33 years, and has enjoyed his first year of retirement. Mr. and Mrs. O spent nine weeks touring Europe at the beginning of the school year, and returned in time for Mr. O to begin the task of conducting the All-District Junior and Senior High Orchestras in Long Beach. In addition this year he assumed the role of conducting the Honor Orchestras of the Palos Verdes Peninsula. Mr. O has been recognized for his outstanding contributions in the art of music through his listing in Who's Who in the West. Around camp, Mr. O provides the inspiration, the fun and the warmth that is, in itself, the spirit of Arrowbear. He shifts from the role of orchestra conductor, to ensemble coach, to KP director, to truck driver with ease and finesse. Though we may leave Arrowbear we can never forget it. And; by the same token, though we leave Mr. O, we will never forget him.

MRS. EDNA OHLENDORF: The lovely lady who stands behind Mr. O through thick and thin, flat and sharp, major and minor, is none other than his devoted wife, Mrs. O. It is impossible to describe the task which Mrs. O assumes in acting as camp bookkeeper and secretary. It is more that a year-round job, it is a life all its own. At home in Long Beach during the winter, Mrs. O gives piano lessons. She holds membership in Mu Phi Epsilon, a professional music sorority (obtained while working for a Bachelor of Music degree at USC). Mrs. O's contributions have placed her in Who's Who of American Women, and this year she was recognized by the Long Beach Realtor's Wives Club as "Woman of the Year". Here at camp, Mrs. O is always kind and cheerful, and her patience with ram-bunctious campers, careless counselors, and unhappy grandchildren is truly amazing. Keeping all the camp paperwork in order and typing the stencils for the note does wonders for Mrs. O's nimble fingers, but no one ever hears a single complaint. Without Mrs. O, the smooth running of Arrowbear would, indeed, be impossible. We thank her for everything, and love her dearly.

MRS. FRANCES "SARGE" HARDING has returned to AMC this session following a six week vacation to the Philippines where she visited her daughter, son-in-law, and two grandchildren. Any amount of research into the reason for her title would undoubtedly lead to the discovery that she is responsible for inspecting the Girls Dorm and distributing K P duty to those fortunate enough to earn the honor. A graduate of Cal State Long Beach, Sarge not only is a choral music teacher and counselor at Stephens Junior High in Long Beach, but also a basoonist. Every year she brings many delightful young people up to camp. Welcome back, Sarge!

DENNIS AND CAROLE DOCKSTADER: Dennis Dockstader married into the first family of Arrowbear by way of Carole, a former Ohlendorf. Dennis and Carole are year-round residents of Arrowbear. They are both active in the musical activities of the area. Carole, a fine flutist, and Dennis a keyboard artist and percussion expert, have both performed in the Riverside Symphony, and Dennis has performed with the Redlands and San Bernardino Symphonies. Dennis also a member of the Arrowbear Volunteer Fire Department, and was instrumental in saving camp from the forest fire that destroyed much of the area surrounding camp last year in November. Around camp, Dennis is the man who fixes everything and also acts as plumber and remodeler. He was also the great organizational force behind our great Italian night dinner. Carole, who spent summers here as infant, child, camper, counselor, and most recently cook, is adjusting herself this summer to the new role of mother. The Dockstadters are the proud parents of a darling son, Seth, born in January. As coaches of ensembles and teachers of theory, Dennis and Carole are truly outstanding examples of the joy music adds to life.

DON AND MAXINE HUBLER: Mr. Hubler is all-camp-choir director and also Boys Ensemble director. He and his lovely wife, Maxine, came to us from a lovely little place called Lakeside - and Mr. Hubler is Grossmont's (High School) one and only choir director. He began as a professional concert and opera singer. He later produced local talent shows for service clubs. Mr. Hubler worked his way through Cal State Los Angeles for his credentials. Mrs. Hubler is a teacher's aide for her husband and together they make up a wonderful set of second parents for many of their "kids" at Grossmont High. This session Mr. Hubler is sporting a new accessory, namely an Ace bandage for his injured knee. Mrs. Hubler's presence is noted at every rehearsal taping all your little mistakes for later reference.

MISS CAROL ULVILDEN: Accompanying everything from A to Z is the job of lovely Miss Carol Ulvilden. Aside from an exciting summer career at Arrowbear, Miss Ulvilden is the chairman of the Music Department at Rancho Alamitos High School, where she directs five very fine choral groups. She has attended Minot State Teachers College in Minot, North Dakota, graduated from Luther College in Decorah, Iowa, did post-graduate work at California State Colleges in Fullerton and Long Beach, and also attended the University of Oslo in Norway. Besides accompanying, Miss Ulvilden directs the Girls Ensemble here at Arrowbear. She has three favorite pastimes: her three dogs, Pepper, Tiki, and Si Si Bon, who (we hear) are her constant companions. We are very happy to have Miss Ulvilden back at Arrowbear after spending last summer in Europe.

JAY KOHORN: Spending his third year on the staff after three years of counseling, is Jay Kohorn. Graduated from UCLA in 1971 with a B.A. in Music, he has chosen to use his musical talent strictly to

enrich his life. This fall he will begin his second year of study at the UCLA School of Law. An outstanding pianist, and very capable accompanist, Jay was the man in charge of music appreciation and the musicale this session. Having served his senior year coaching and directing with the opera workshop and conducting various groups in camp last summer, he has proven himself to be a top-notch director.

PHYLLIS IMAMOTO: Now we have our camp nurse - Phyllis Imamoto. Phyllis has been seen running around camp after taps looking for the staff cabin with cold cream on her face. "The greasy old lady". Actually that statement can't be further from the truth. She's young, vivacious, and always willing to help, after taps, before and in between. She likes to ride in hot cars down to San Bernardino, talk to counselors until 1:00 a.m., and tell dirty jokes innocently. She has this crush on George (who doesn't) but in reality I think it's because Stacy^{who} will be ten soon, and Gregg who will be six on Sunday, the 15th, (her children) adore him.. She graduated from the UCLA School of Nursing, and is just about the most fantastic person around. Thank you for putting up with all of our aches and pains, and pack-rat bites! Go to it!

LUCKY CAMPERS OF THE WEEK

For several years now, Lloyd's restaurant in Running Springs has offered two free dinners to Arrowbear each week. The honor of receiving this meal is given to one boy and one girl whose names are drawn from a bucket of selected campers whom the counselors and staff feel have been outstanding examples of the Arrowbear spirit and standard of musical and personal excellence. We would like to recognize these lucky campers.

Look at our smiling, lucky girl camper - INA INOUE. You can't miss her. She's the one with the long black hair and the beautiful smile. You'll also know her when you see her - she's the one always talking to George with her worried counselor standing close by. Ina attends Long Beach Poly where she will be a junior, and treasurer of her class. She is evidently active in student body, because last year she was Sophomore Vice President. Ina is active with clubs on campus, and one of her favorite is The Brotherhood of Race. She has high hopes of becoming a doctor, we hope she will be able to make it, because she has to give up her music in order to pursue her life's ambition.

The tenor with the beautiful falsetto voice is no other than Lucky Camper, GREG NETTLER. He is now attending Edison High School in Huntington Beach and will be continuing his education at Golden West College as a Psychology major. He is very involved in the madragals and a capella choir at his school and this is his third summer at Arrowbear. His outgoing personality and musical talent are just a few of his assets. Congratulations, Greg!

THE KITCHEN STAFF

And now we are happy to present the fine staff of dedicated people who work so hard to make our meals here at camp the culinary delights that they are. We have appropriately dubbed them the "Galloping Gourmets".

RICK OHLENDORF: Our chief chef and "Big Cheese" of the Arrowbear kitchen is also a member of the first family at Arrowbear. Rick has been to camp many times (all his life) in many capacities. He spent ten years as a summer resident, six years as a camper, four years as a counselor, and four years as a cook. Well educated for his work here at camp, Rick is a 1962 graduate of Lakewood High School, and holds a Bachelor of Arts Degree in Music from Cal State Long Beach. His outstanding ability on the oboe has been the backbone of many Honor Orchestras during the school years. He has played the oboe with the Long Beach Woodwind Quintet since its inception. Rick is dedicated to the principles of physical fitness, and is happy to be labeled a health nut. Here at camp, Rick is, in addition to cooking in a manner fit for a king, the camp wonder in that he can fix almost anything that can break. His skills mix with pleasure when it comes to welding which he really enjoys. The delicacies from the "bakery" this session (biscuits, muffins, cakes, and cookies) were made under Rick's supervision right here at Arrowbear because of the new oven which was purchased with funds earned by the camp coke machine. Rick can easily be recognized in the kitchen by the grey chef's hat, and outside the kitchen by his new macrame or leather headband. Rick is certainly spoiling us with his habit of producing mouth-watering meals and gourmet delights.

JIM HOPKINS: Rick's right-hand-man in the kitchen, and the man with the brown leather visor, Jim Hopkins, is returning to cooking here at camp after a long (6 year) absence. Before the long rest he took, Jim spent two years as a camper, two years as a counselor, and this summer is his second year as a cook. Jim is a 1962 graduate of Wilson High School in Long Beach, attended Cal State with a major in History, Political Science, Geography, and Anthropology, which may explain his vast knowledge on a variety of subjects. Jim was discharged from the U.S. Army just in time to come up to help get camp ready for the summer. Jim is interested, he commented in a recent interview, in the "entire musical spectrum". His musical talent is put to good use in that he is a virtuoso on a somewhat rare instrument..... the bicycle pump. Many will attest to his talent on that instrument, and we have no doubts that whatever Jim decides to do, he does. In regard to cooking for campers, Jim said that his ambition this summer has been to lead the eating habits of the campers in a more healthful direction.

JACKIE WEBER: The person who adds a woman's touch to the baking of desserts in the kitchen is the very lovely Miss Jackie Weber. Jackie is an experienced Arrowbearite, having spent six years as a camper and three years as a counselor. She is a graduate of Oxnard High School, and received her Bachelor of Arts Degree in Political Science from the University of California at Santa Barbara. Jackie has spent one year teaching fifth grade at El Descanso Elementary School in Camarillo. She will be returning to that position in the fall. She is an accomplished musician, and has played oboe and English horn in countless honor orchestras. Jackie's hobbies include sewing the darling aprons she wears in the kitchen, baking, swimming (she is a water ballerina), drinking gallons of iced tea, and traveling. Her

travels have taken her all over the United States, Canada, Alaska, and Europe, camping all the way. Around camp, Jackie's interests do sometimes extend out of the kitchen and into her interest in physical fitness. She does yoga and the Royal Canadian Air Force exercises daily. As a cook, as in all she does, Jackie is as captivating as always.

JUNIOR KITCHEN STAFF

Those ready, willing, and able workers are specifically chosen to insure that all the kitchen dirty work gets done with a maximum of efficiency. Emerging from their labors with prune-hands, cut fingers, and multiple complaints they always manage to keep smiling and happy as helpers.

ALAN APPLGATE: A very talented dishwasher and great all-around worker, Alan Applegate is spending this session on the back porch of the kitchen with the dishes. He also has been doing an excellent job assisting Mr. Ohlendorf in teaching a theory class. Alan has devoted many hours on weekends during the year towards making camp beautiful. He is a 1971 graduate of Millikan High School in Long Beach where he was a drummer in the band. Alan also plays sax and clarinet. This coming year, Alan will attend Long Beach City College where he will also be a member of the drum section of the band. Alan is not only talented in the field of hard work, drumming and dish-washing, but also as an impressionist. One of his great interests is sports.

DENNIS DAVENPORT is another one of Arrowbear's hard working Kitchen Staff. He will be a Senior at Wilson High School this fall and he is very involved in the music programs at school and in the community. His activities include Wilson Band, Orchestra, and stage band, All-Southern, All Cal, all Western, and the call to assembly every morning. In his spare time, Dennis enjoys long bike rides and cooking, especially patty melts so you're all invited to drop in on Dennis any time for a Bar-B-Que.

TRINKA HESCH adds a great deal of feminine charm and beauty to the back porch of the Kitchen and to the Snack Bar this session. Isn't it nice to be able to hand your plate to this sweet young lady and have her yell at you not to set your plate down or stack it. Trink plays violin which explains why she doesn't sing in the Choral Session. This will be her third year at instrumental session, and her first year on the kitchen staff. She will be a junior at San Luis Obispo High School in the fall. Her outside interests include bike riding, hiking, swimming, and writing. She may smile a lot of the time but you must understand she isn't that way all of the time. Right, Trink.

JOHN MIDDLEBROOKS, the wonderful person that he is, wasn't always Junior Kitchen staff; in fact during the first and second junior high sessions this summer, he worked as maintenance. This helpful talent has carried over to this session, and we can thank our lucky stars. Without this great guy the girls dorm wouldn't have electrical outlets for our electric rollers, shower and dryers, unstopped toilets or sinks. Isn't he fantastic, gang! Thank you from the bottom of our shiny, bounce little split-ended hair. Not only is he talented with maintenance but musically - and that's why he's up here - he's our taps and reveille player on his trombone. That's right he plays trombone, and will be a senior at Jordan High School in Long Beach. John plans to attend Cal Poly as a chemistry major. Thanks again, John.

Those happy bubbling pictures of fun and enthusiasm are none other than our staff of capricious counselors. They are the "directors" of our "show" here at Arrowbear. If you ever need a sympathetic ear, a friendly pat on the back, or someone to tuck you in at night, just call a counselor!!

NANCY EASTMAN: Nancy graduated from Woodrow Wilson High School of Long Beach in 1970. She will be in her sophomore year at Long Beach State College majoring in vocal music. You can see her smiling face at the piano accompanying Girls Ensemble. She has accompanied the many groups at camp for several years now. So sweet, so quiet, but her campers know better than to step out of line. Nancy works hard as an alto all year at school with the Glee Club, Girls Ensemble, A Capella Choir, Vocal Ensemble, Choir, Stage Band, and various other groups. Her greatest aspiration is to have the finest junior high choir in California, therefore one can deduct, she wants to direct a junior high choir. Keep this under your hat, she would like to spend her summers up at Arrowbear Music Camp as a staff member some day.

JANE FRANKLIN graduated from Pacifica High School of Garden Grove, in 1969. She will be beginning her third year (car problems) at Orange Coast College this fall. Her major is child development, and her minor, music, with a special interest in the music of China. Presently a member of the Chorale Chamber Singers, Jane hopes to become a special education teacher, using music to help her in her work. One of the dorm "flunkies" this is Jane's third summer counseling. Her ice-cream cone outfit is something none of her girls should forget. Her performance in Arrowbear's Italian night opera and her "mousy" escapades were some of the "biggies" in camp this season.

ANN GOODWIN is one of the Dorm Flunkies - not married or engaged or even Promised! She has a way with herself that automatically makes her loved. Strong and Silent. Sigh. Annie graduated from Millikan High School, Long Beach, in 1970. She is presently attending Cal State Long Beach where she is second alto in the Womens Chorus. Like Nancy, this is Annie's first year as counselor, and she's enjoying all the hard work and responsibility that counseling entails. While at CSCLB Ann will be majoring in either Industrial Arts or Psychology. Wouldn't you know that she likes to do things with her hands - sewing, etc., and sports, tennis and volleyball especially? She also rides her bike to school every day - THREE MILES!

VICKIE HASTIE's our "old" married lady of the counseling staff. Of course, she'll laugh off the first sentence of this paragraph because that's the way she is. Always a smile on her face and love for all. She graduated from Woodrow High School in Long Beach, in 1969 where she sang tenor and alto in Girls Ensemble and A Capella Choir. Something happened a while back that interfered with her pursuing her Home Economics major - she got married. What better way could she have to practice all of the things she's learned. Vicki likes sewing, cooking, and keeping her apartment immaculate - all the aspects of house-wifing it.

KATHIE KOHORN is one of the dorm flunkies and an old-time camper-counselor. This is her ninth summer at Arrowbear, second as counselor and a very fine one at that. She sings alto in choir, but at Long Beach City College she has no time for a choir. Kathie has been taking 'Cello for only two months, but has high hopes of continuing.

She graduated from Millikan, Long Beach, in 1969, and is now pursuing a major in Speech Pathology with a minor in music. Teaching children to talk properly with the aid of music is a fascinating field. Right, Kathie! She is so talented, sewing, sewing all of her clothes, and sweet...so sweet, her girls just hate to play pranks on her. Somehow, that just doesn't go over too big with ~~the~~ rest of the girl counselors - so go to it kids!

KATHY LYNN is the very fine second alto in all Camp Choir, second soprano in Girls Ensemble, and first soprano in the Counselor's Madrigal group. Isn't she talented and so versatile? She is presently attending Occidental College in Los Angeles where her major is Choral Directing and her minor is Religious Studies. This is her third year as a counselor and second year as the sweet little cocoa girl in the morning. Kathy has been singing under Howard Swan in the Glee Clubs on campus - she loves Dr. Swan. By the by, she will be historian next year. She enjoys playing the piano, has two turtles - Tashi and Ingrid, for whom she's always picking up rocks (Turtle Rocks). Now you've got to know, Kathy can't love boys (men). She loves plants plants, and most of all, she loves her philodendron.

SARAH SOLBERG is a third year counselor, and another member of the fantastic group - Dorm flunkies. She graduated in 1968 from Glendale High School and is presently attending University of California at Los Angeles where her major is English and minor is a duet - Music and P.E. (odd combination, huh?). Sarah is the editor of this camp paper, and the poor kid has her hands full. She spent last school year in Scotland at the University of Stirling. While in Scotland, Sarah took eight weeks off to travel in Europe. Her favorite pastime is riding Herbert Honda (She named her Honda - strange). Congratulations on your creation - this paper!

ALAN BLACK: A veteran counselor from orchestra session but a newcomer to Choral Session is Alan Black, an all-around great guy. Any job that needs to be done, including flag raising, delivering mail, playing his clarinet in the musical, making important announcements, directing the sports activities, supplying music for the dances, and making girls happy, just call on Alan. He is a '70 graduate of Millikan High School in Long Beach and is now attending USC as a philosophy major with the hope of eventually becoming a lawyer. Alan has expressed an interest in tennis, ping pong, and operatic singing, only. His outstanding ability is parking cars.

RICHARD HECKER: Making the hills and mountains ring with music is versatile Richard Hecker. If he isn't singing in all camp choir or boys ensemble then he is playing the string bass, strumming the guitar, composing, transposing, or teaching theory class. Richard, a second year counselor, is a 1970 graduate of Millikan High School in Long Beach. He has completed one year at Long Beach City College and soon will enter the Marine Corps for two years of active duty. He not only works diligently in many musical fields, he also is the director of Christ Education in Huntington Beach. He enjoys working with youth groups. Richard is also famous for his outstanding performance on the counselors' volleyball team and his fabulous back rub.

GLENN HOWARD: That sexy Dean Martin voice in the midst of the baritone section belongs to none other than Glenn Howard. A '68 graduate from Wilson High School, Glenn will continue his education at Cal State Long Beach this fall. He, too, is interested in many aspects of music, such as vocal music conducting, and performing. Sports also interest Glenn, especially basket ball, hand ball, soft ball, and chasing girls

GEORGE KEYS: Arrowbearites discovered the many hidden talents that veteran counselor, George Keys, possesses this summer. Not only is he a fine sax player, guitar player, and singer, but his talents also extend to lizard catching, winking at girls, and (would you believe?) opera! George is a '69 graduate of Mark Keppel High School in Alhambra and is presently attending Cal State Los Angeles as a music major. George's affectionate nature includes a love of animals and kids, among other things. Arrowbear just wouldn't be the same without lovable George Keys.

CLARANCE KNUTSON: Adding a friendly smile to all camp activities is Clarence Knutson. He graduated from Poly High School in Long Beach in '70 and now attends Cal Lutheran. He is a music major but he also enjoys fishing and horsemanship. Clarence is one of the few counselors who is an able life-guard at the pool so he spends many of his afternoons there. Clarence also helped to make our visitors from Japan feel welcome by answering their questions and by greeting them with a warm welcome.

BRUCE WEBSTER: Good natured Bruce Webster is a newcomer to Arrowbear. He has just graduated from Grossmont High School and will be continuing his education at Brigham Young University on a four year scholarship. He will be pursuing a career in Micro-Biology and research. His other interests include Frisbee throwing, music, back packing, and science fiction. "You're a good man, Bruce Webster, and we're glad to have you as a member of the Arrowbear team."

LIFE-GUARD - SNACK BAR OPERATOR

MARTI WHEELER: Marti was a counselor during the first three sessions (6 weeks). She is a graduate of Woodrow Wilson High School in Long Beach where she sang in Girls Choir for two years, A Capella Choir for three, and Madrigals for one. In the fall Marti plans to attend Long Beach City College to major in either Art or Music. Eventually she would like to attend the University of Oregon. Her interests include being President of Volunteers at Memorial Hospital, swimming, sewing. Marti alternates with Sarah and Clarence as life-guard, runs the snack bar, and helps in the kitchen. She is a second soprano and is a voice student.

ASSISTANT TO THE NURSE

LINDA HOLBROOK is our nurse's helper. Linda has been a counselor for two years, and was unable to come up as a counselor this year so we wanted a nurse's aid. Isn't it nice to have two someones pretty to tell your problem to? Sure it is. Linda graduated from Chaffey College and is now in her second year at Fullerton State College. Majoring in Music Education, she sings with the Fullerton State College Chamber Singers. She would like to teach music on the elementary school level. She has been so much help doing little things, and taking over for the nurse, you know nursie enjoys her spare hours now. Thank you, Linda.

ONE MAN'S DREAM

by Frances Harding

It is not often these days that dreams become reality; but when a dream is coupled with faith, resourcefulness and a tremendous capacity for work anything is possible. All of these qualities are found in our Musical Man of the Mountains - Fred Ohlendorf.

The dream began when Mr. O as a young teacher participated in musical activities and outings in the Mid West (mainly Michigan's Camp Bridgeman). In 1937, Mr. O brought his dream West, where he became the director of the All City Orchestra in Long Beach.

Opportunity knocked on his door when - due to wartime rationing and restrictions, his father-in-law's church camp was idle the last part of the summer of 1942. Thus began the creation of Arrowbear Music Camp. That first summer, camp was one week in length, campers were members of the All City Orchestra, the fee was \$13., plus food ration stamps. The staff was composed of six teachers, one nurse and three counselors.

The setting was decidedly more rustic than you find it today. Like all living things camp has constantly changed and grown. There have also been growing pains which called on Mr. O's qualities of faith, resourcefulness and capacity for work (a 16 hour day is not unusual for him) such as the year he arrived to open camp only to find condemned signs on all the buildings.

But this dream prospered and grew until today as Arrowbear celebrates its 30th Anniversary, campers come from more than fifty different communities and from more than twelve states. As the oldest music camp in the West, Arrowbear looks forward to many more decades of serving young musicians.

Our hats off to Mr. O for a dream realized.

MUSIC IS.....

Music is a poem
Music is a book
Music is "that very peculiar look"
Music is the way you walk
Music is a smile
Music is a special thing that lasts a long while
Music is the sun
Music is a light
Music is the moon which shines so bright
Music is a branch
Music is a tree
Music is whatever you imagine it to be!

AMC HONORED BY JAPANESE VISITORS

Two High School students, Yuriiko Okimoto and Mitsuru Doi, and a teacher, Megumu Hotta from Ninami Jr. High School, came to us from Yokkaichi, Japan. They spent the last few weeks in Long Beach as a part of the Sister City Program. During their month of tours they found time to visit us here at Arrowbear, welcomed by a sign

made by Larry Nishiguchi from Camp Don Bosco.

They sat in on our classes and rehearsals, and even slept in our famous dorms. During music appreciation period, they spoke to us about Japanese schools and customs, and answered various questions asked by campers. Next year two high school students and one teacher from Long Beach will visit Yokkaichi. Perhaps one of our campers will make this exciting journey.

ITALIAN NIGHT AT ARROWBEAR

On Tuesday, August 10, the staff and counselors transformed the Dining Hall into a little bit of Italy, to the delight of the campers. Our kitchen staff, under the direction of head chef Rick Ohlendorf, turned out a fantastic menu featuring salad, French bread, lasagna, and fresh fruit. After a delicious dinner, and a short rehearsal, a program of Italian music was presented.

Sonata in C Major Scarlatti
Sonata in E Major Scarlatti
Jay Kohorn, Harpsichord

Oboe Concerto Albinoni
Opus 7, No. 6 - 2nd and 1st movements
Rick Ohlendorf, Oboe
Carole Dockstader, Flute
Steve Fraser, 'Cello
Dennis Dockstader, Harpsichord

To show off the many talents of some of our staff, Dennis arranged Giovanni and Gillia, an Italian opera. The parts were sung by

George Keys - Giovanni	Jay Kohorn - J. Seppi
Alan Black - Gilia	Jane Franklin - Jani

The outstanding performance was directed by Dennis Dockstader at the piano. Carole Dockstader (flute) and Steve Fraser ('Cello) also played.

Good food, good fun, and enjoyment for all made the Italian night something we hope will become a tradition.

SECOND GENERATION CAMPERS

Throughout the history of Arrowbear, many have come to camp and enjoyed it so much that they encourage their friends, and later their children to come to camp. This session we have one camper whose mother was a camper. His name is David Augustson.

FOUR YEAR CAMPERS

There are a number of fourth year campers this session. They are: Stephie Bell, Judith Cohen, Lynne Cole, Jody Reeves, and Larry French.

SIXTH YEAR CAMPER!

Our sixth year camper this session is none other than Davina Cave.

THE SIX MISTAKES OF MAN

1. The delusion that individual advancement is made by crushing others.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we cannot accomplish it.
4. Refusing to set aside trivial preferences.
5. Neglecting development and refinement of the mind, and not acquiring the habit of reading and study.
6. Attempting to compel other persons to behave and live as we do..

THE ARROWBEAR SONG

We love life at Arrowbear, Nights are cool and days are fair,
Not a worry, not a care, Just Music, Music, Music.

We all dress in shorts and jeans, Feed ourselves on ham and beans;
Happiest days in all our teens with Music, Music, Music.

Hours, we play for hours, And then we make the hills and mountains
ring, They fairly tremble when we sing.

Arrowbear's the place to be, Full of fun and harmony,
Even when we have P.P., It's Music, Music, Music.

She portrays a patient named Sophie Ulcerton. It seems that Sophie is really cured from her mysterious disease but stays in the hospital feigning labor pains because she loves it when Doctor Richard takes her pulse. Co-starring with KATHY is laugh-a-minute KATHI CRAMER direct from an engagement with Hollywood Squares. She plays the role of Pauline Lynd, posing as a nurse who is really an escapee from the mental ward. (She keeps her rubber ducky in the tubby wubby). The next star of the cast is DARLENE JACOBSON playing Carla Von Carsickschmidt who has graciously consented to work on our show while still (always) working on beat the clock. Darlene is a night nurse who can always be recognized by her rather odd cap. An upcoming young actress starring as Lela Leprosy in General Hospital is JUDY VAN BUSKIRK. Lela has an odd skin disease

that shows up at night in the form of white blotches all over her face. Another favorite from the cast is KAREN PORTER playing substitute head supervisor Ma Porter. Her specialty is the Sophie Ulcerton case. A hot water bottle is her cure for all ailments. Next we have JODY REEVES as Henrietta Headcold. She's one of the older nurses from whom the magic of jumping out of bed early has flown. MARY CAZIN co-stars in this show as Tender Throat, a nurse's aide. It seems that she's sick but doesn't feel that she is. TAMI RATTLEMAN is the well member of the cast and also the youngest. She's called Carol Cleanup because she enjoys it so much. The final member of our cast is KAREN WORKMAN. She is a patient in the hospital for laryngitis. No one knows whether has it or not but she never talks (that's one way to get those doctors in to see you.

This issue of The Note is dedicated to Dennis Dockstader. Dennis is a man who has that certain ethereal quality which makes people listen when he speaks, perhaps because he has something worth hearing. Working hard for the improvement of Arrowbear, be it maintenance work or developing new ideas (i.e. Italian night), Dennis always maintains his cool.

I would like to thank Jane Franklin and Kathie Kohorn without whose help this paper would still be in an unfinished state. And a special thanks to Mrs. "O" for all her hard work typing the stencils, and for her patience and understanding when things didn't go quite right.

The best of everything to all of you.

Sarah Solberg, editor
