ARROWBEAR MUSIC CAMP
ORCHESTRAL REPERTOIRE SESSION

Final Bulletin

1973 Season

August 31, 1973

Thanks are due to several people without whom the session could not have been the tremendous success it was:

Akira Endo, principal conductor of the American Ballet Theatre, again officiated as conductor-teacher. We are especially grateful for Akira's unique artistry and skill; and we appreciate the opportunity to work under and to learn from one of the truly exceptional young conductors in America today;

Mr. and Mrs. Ohlendorf, through vision, dedication, and hard work have created the atmosphere and physical surroundings in which an event of this musical worth could take place;

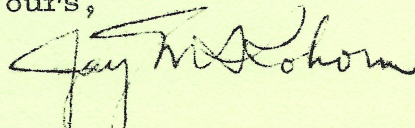

Rick Wilson handled the job second in importance only to that of the conductor. He was the librarian who made sure the schedule of reading went smoothly and that every musician had his chart.

Most of all, a debt of gratitude is owed to all of you who participated. The enthusiasm and hard work contributed by each member of the orchestra made the experience richer for the whole group.

The purpose of the session is to give students an opportunity to sightread and to learn something about musical styles, rehearsal techniques, and specific pieces of the orchestral literature; in other words, to supplement the traditional "excerpt book" type of study of the repertoire. Moreover, meeting and making new friends who are also musicians is an extra benefit which can not be over-rated.

If you are auditioning for a professional orchestra this year, we wish you well! And we hope to see many of you and your friends next year.

Yours,

Jay M. Kohorn
